### THE PRIDE OF KAOHSIUNG CITY

I-Shou University (ISU) is situated in the Guanyin Mountain area of northeastern Kaohsiung. The University firstly opened its gates in 1990. Today, with its continuous development, ISU has **8 colleges, 42 departments and programs, 15 masters programs, and 7 doctoral programs**. Moreover, the Division of Continuing Education offers various **undergraduate programs, in-service master's programs and two-year in-service programs**. The University has approximately **15,000 students and 534 full-time faculty members**, 90% of whom possess a doctoral degree, making it a young and promising institution of higher education with a great potential.

### ACADEMIC AND INDUSTRIAL SUPPORT BY E-UNITED GROUP

E-United Group, to which ISU is affiliated, conducts the business in the sectors of **manufacturing, medical services, education, as well as real estate & leisure development**, including **Yieh Phui Enterprise Co., Ltd. and Yieh United Steel Corporation, E-DA Hospital, E-DA World and etc.** With the generous financial support from E-United Group, the University has equipment and facilities that are unparalleled among other universities in Taiwan. Also, the University is one of the few comprehensive universities that **integrates theory into practice, and is cognizant of and responsive to the needs of industries**.

### COMPREHENSIVE UNIVERSITY: THEORY & RESEARCH

**With the support of E-United Group**, ISU provides substantial offers to recruit faculty members with research specialties and practical experiences from different disciplines and professions. In regards to the curriculum design, **ISU underlines the importance of both theory and experiments**. Faculty members are encouraged to engage students in researching not only in their respective fields, but **tapping into interdisciplinary studies as well**.

### INDUSTRY-UNIVERSITY COLLABORATIONS

In addition to collaboration with affiliated companies of E-United Group, the University also actively seeks opportunities to work with other business entities for internship programs. By so doing, students are provided with more hands-on experience to work in different sectors. There are some **595 business entities working with the University in the form of industry-university collaboration, including industries of technology, electronics, medical services, iron & steel, hospitality, department stores, and hotels**. The University aspires to meet the needs of different industries, cultivate professional talents, and carry out university-specific research projects.
